Provides global project information

according to our global cooperation resources, help investors recommend the appropriate project information docking.

Investment alliance members have the opportunity to participate in the Internet project investment of ECCIC's birth

To help global investors and entrepreneurs to maximize the time and effort to save consumption, optimize the promotion of business cooperation.

Common Problem

1, What is Softvalley Investor Recruitment?

Softvalley investment and financing departments at this stage for the overseas Internet project for the global asset home for the lack of recruitment, the main way through the Softvalley platform to attract overseas capital to actively develop the Internet +, the specific potential of the Internet project investment in the angel wheel to obtain high returns Preferred areas of investment.

2, What is the Internet +?

Internet + "represents a new economic form, that is, give full play to the optimization and integration of the Internet in the distribution of production factors, the Internet's innovative achievements in the depth of integration in the economic and social fields, enhance the real economy innovation and productivity, The formation of a wider range of Internet-based infrastructure and the realization of new forms of economic development. Commonly known as "digital economy" ", China has become a pioneer in the Internet to share the economy.

3, How investors through the Softvalley platform for Internet project investment?

First of all, we will screen investors (for funding, business background visits, and investment years), after the screening of investors will enter our investor intention alliance.

4, How we got the high-quality projects?

Our project resources will be supported by various channels such as Softvalley Platform and International Business Social Platform, which will be guided by the global market. The selected project will be screened by the project team then published in the investor intention alliance.

5. What are the benefits of joining this investment intention alliance?

Because of our unique global software services platform, we bring together the world's outstanding business projects, we will provide entrepreneurs with a full range of investment and financing services, through real money, real service, to complete the real financing, to solve the problem of outstanding projects difficult financial problems.

6, How to become our initial VIP member ?

Since we provide a one-stop Internet service platform, we will charge \$ 10,000 as our membership fee, we will regularly publish the Internet project for the funding side screening.

7, How to ensure the feasibility of the project for the funding side?

As an Internet platform service, our investment and financing department will provide the advantages of the project, through the streamlined version of the business plan, so that the capital side to fully understand the advantages of the project to ensure investment. And communicate with the project primitive people. (Focus on outstanding projects Softvalley platform will be consultants or directors to cooperate with the project)

8, What are the benefits of becoming a senior member?

the agent will provide the optimal resource allocation for the customer. The service includes the amount of each project investment, the investment field, the investment return rate and the investment period. The other content of the project will be resolved by the agency and the funds side.
